

# WISE 2015-2016

Juniors,

**Do you have a passion or interest that you would like to pursue for credit? How about a WISE project?**

For the 2015/2016 school year WISE (Wise Individualized Senior Experience) will be a second semester elective for which students perform an independent project for 0.5 credits. The project can be almost anything:

***Develop a skill***

***Master an academic area***

***Pursue an internship, volunteer, or otherwise work with organizations outside of school***

***Build something***

***Write music, a book, or other project***

***The sky's the limit!***

A WISE project has 3 components- the project itself (must include research), a journal to capture research and track the experience, and a final presentation of at least 30 minutes. The format of the presentation is up to you and is expected to not be 30 minutes of lecture.

You will perform the project independently, but you will not be alone as you will be working with a mentor (CRHS staff member) who will help guide you.

If you are confident that you would like to apply to WISE, choose the WISE elective during course selection.

If you have any questions, contact Dr. Taber (WISE coordinator)
